## INDEPENDENT AUDITOR'S REPORT

To the Board of Directors and Members of  
Schools Insurance Group  
Auburn, California

### **Report on the Financial Statements**

We have audited the accompanying financial statements of the Schools Insurance Group as of and for the years ended June 30, 2021 and 2020, and the related notes to the financial statements, which collectively comprise the Schools Insurance Group's basic financial statements as listed in the table of contents.

### ***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### ***Auditor's Responsibility***

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America, the *State Controller's Minimum Audit Requirements for California Special Districts* and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### ***Opinion***

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Schools Insurance Group, as of June 30, 2021 and 2020, and the changes in its financial position and its cash flows thereof for the years then ended in accordance with accounting principles generally accepted in the United States of America.

## **Other Matters**

### *Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis on pages 3 through 7, Schedule of Changes in Total Other Postemployment Benefits (OPEB) Liability on page 33, the Schedule of the Group's Proportionate Share of the Net Pension Liability on page 34, the Schedule of the Group's Contributions on page 35, the Reconciliation of Claims Liability by Type of Contract on pages 36 through 38, and the Claims Development Information on pages 39 through 42 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audits of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### *Supplementary Information*

Our audits were conducted for the purpose of forming an opinion on the basic financial statements as a whole. The Combining Statements of Net Position and Combining Statements of Revenues, Expenses and Change in Net Position are presented on pages 44 through 47 for purposes of additional analysis of the basic financial statements and are not a required part of the basic financial statements.

The Combining Statements of Net Position and Combining Statements of Revenues, Expenses and Change in Net Position are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has not been subjected to the auditing procedures applied in the audit of the basic financial statements and accordingly, we do not express an opinion or provide any assurance on it.

### **Other Reporting Required by Government Auditing Standards**

In accordance with *Government Auditing Standards*, we have also issued our report dated January 12, 2022 on our consideration of the Schools Insurance Group's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Schools Insurance Group's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Schools Insurance Group's internal control over financial reporting and compliance.

## **Management's Discussion and Analysis**

*Fiscal Years 2020-21 and 2019-20*

### **The Authority—An Overview**

Schools Insurance Group (SIG) was formed in 1978 as a response to the rapidly escalating costs of insurance. SIG's legal name is School Risk and Insurance Management Group however operates under the name of Schools Insurance Group. SIG is a quasi-governmental agency called a Joint Powers Authority (JPA) and was formed by the school districts and county offices in Placer and Nevada counties to provide insurance to its members.

Currently, SIG is comprised of 31 voting members (including two school districts in El Dorado County, one in Yuba County and one in Sacramento County) participating in three individual programs:

- Property/Liability Coverage
- Workers' Compensation Coverage
- Employee Benefits (medical/dental/vision/life)

In addition, SIG has invested in a building in Auburn that houses its administrative offices and provides additional office space for commercial lease.

A nine member Executive Committee, elected for a two-year term by the Joint Powers Board, governs Schools Insurance Group. The full Joint Powers Board is comprised of a representative and alternate for each member district, as designated by the School District's Governing Board. The Joint Powers Board also elects a President, Vice President and Secretary/Treasurer from the members of the Executive Committee for a one-year term.

The Executive Committee is responsible for the ongoing operations of SIG and is empowered to implement and enforce all provisions of the Joint Powers Agreement, SIG bylaws and all approved Board policies. The Executive Committee has delegated the responsibility of the daily operation of SIG to the Executive Director.

### **Description of Financial Statements**

The annual financial report consists of five parts: Management's Discussion and Analysis, Financial Statements, Notes to the Financial Statements, Required Supplementary Information, and Supplementary Information.

- This is the Management's Discussion and Analysis where SIG's financial activities are explained, based on currently known facts and conditions.
- The notes to the financial statements are an integral part of the financial statements and provide details on SIG membership, accounting policies, claim reserves and IBNR (incurred but not reported), net pension liability, other postemployment benefits, and other information in the statements.

- The financial statements include the Statements of Net Position, Statements of Revenues, Expenses and Change in Net Position and the Statements of Cash Flows, using the direct method for the operations of Schools Insurance Group for the fiscal years ending June 30, 2021 and 2020. These statements give an overall financial picture of SIG compared to the prior fiscal year. These can be used to quickly assess the financial performance over the reported fiscal year.
- The required supplementary information includes the schedule of Other Postemployment Benefits Funding Progress, Group's Proportionate Share of the Net Pension Liability and Contributions, Claims Liabilities by Type of Contract for the fiscal years ended June 30, 2021 and 2020 and Claims Development Information for self-insured program years by type of fund for the recent ten years.
- The supplementary information includes the Combining Statements of Net Position and Combining Statements of Revenues, Expenses and Change in Net Position for fiscal years ended June 30, 2021 and 2020. Accounting for the individual programs is maintained internally to show the performance and activity of each fund.

## **Analysis of Balances and Transactions of Individual Programs**

### **Employee Benefit Trust**

There was an increase in net position of \$1,057,758 for the current fiscal year. This was primarily due to medical waivers being more than sufficient to cover the administrative costs of the program as well as the cost of the wellness program. Claims for the self-insured dental and vision programs have normalized for the most part as compared to the 2019-20 fiscal year which experienced a significant decrease in utilization due to COVID-19 restrictions in the 4th quarter. For the 2019-20 fiscal year, there was an increase in net position of \$2,350,751.

### **Workers' Compensation Program**

There was an increase in net position for the current year of \$6,024,325 compared to the 2019-20 increase in net position of \$1,707,535. Paid claims were substantially down from prior year and paid and reported losses have developed less than expected as per our actuary. Outstanding liabilities have also decreased since the previous actuary report as of June 30, 2020. These factors combined have resulted in a significant increase to net position over prior year. Moreover, SIG continues to implement new programs to reduce the severity of claim costs.

These programs include school safety/regulatory compliance/risk management services through PublicSchoolWORKS, the Return-to-Work Program (OUR System); third-party administrators with an emphasis on closing claims; a Medical Provider Network with protocols for the treating physicians; Utilization Review for questionable medical procedures and quarterly meetings with legal counsel to strategize resolving critical claims. The financial impact of these programs has been substantial and SIG has been making significant progress in closing out old claims in addition to mitigating costs associated with new claims and reducing the number of claims overall. The SIG Workers' Compensation Program is currently in a very strong position, with equity in excess of the Targeted Equity Policy thus the option of starting a Captive is presently being explored.

### **Property and Liability Program**

The program experienced an increase in net position of \$568,922 as compared to the 2019-20 fiscal year where there was a decrease to net position of \$101,144. Effective with the 2020-21 fiscal year, SIG implemented a new data-driven rate funding model utilizing actuarial recommended funding levels. This new rate funding model has helped to stabilize the program and is projected to slowly grow reserve levels over time.

### **Building Program**

There was a decrease in net position of \$10,655 for the 2020-21 fiscal year. In the 2019-20 fiscal year, there was an increase in net position of \$85,732. The building is projected to be at 77% occupancy as of October 2021. Commercial office leasing has been slow due to COVID but appears to be slowly ticking up. Necessary maintenance projects will be funded out of fund equity as we continue to work toward returning to full capacity with building improvements/enhancements.

### **Analysis of Overall Financial Position and Results of Operations**

Total net position in SIG increased by \$7,640,350 between 2021 and 2020 and increased \$4,042,874 between 2020 and 2019. The significantly larger increase in the current year is due to substantial increases to net position in the Workers' Compensation program and the Employee Benefits program. Total liabilities decreased by \$4,370,552 between 2021 and 2020 as a result of very favorable results in the most recent Workers' Compensation program actuary report. At June 30, 2021, approximately \$37.9 million of investments were classified as long-term with terms between one and five years. This is nearly identical to the \$37.4 million of long term investments for the 2020 fiscal year.

Member contributions for SIG increased by 0.6% for the 2021 fiscal year from 2020, compared to the 7.1% increase for the 2020 year over 2019. The moderate increase in the rates in the Property and Liability program was offset by the overall decrease in rates in the Employee Benefit program and the reduction in Workers' Compensation program contributions due to a reduction in the base rate as well as the continuance of the temporary \$0.25 reduction to the base rate.

Administrative and Personnel expenses were 2.0% of member contributions for the 2021 fiscal year which is the same percentage experienced in the 2020 fiscal year.

## **Insurance Market Condition and Economic Outlook**

Events of 2021 have impacted the insurance marketplace in unforeseen ways. COVID, wildfire, legislation, and regulation continue to influence the availability and cost of SIG's self-insured and insurance costs.

The primary driver for medical plan costs is the uncertainty of the impact of COVID. As healthcare organizations adapt to a different landscape, and as medical insurance carriers react to shifting care models and delivery of health benefits, SIG's cost for the fully-insured plans provided to its participating members will also evolve. SIG partners closely with its medical plan carriers as well as local healthcare organizations and medical providers to foster proactive thinking and action. The ultimate impact of COVID and other factors is unknown at this time, and SIG is taking the initiative to explore ways to maintain stable costs for subscribers and their families.

The Property Casualty market has hardened not only due to wildfires and large loss trends in California, but also to the uncertainty of the impact of COVID. SIG has had to make minor adjustments to self-insured retention levels for some coverages, although the impact to members is mitigated due to SIG's strong financial position as well as comprehensive risk prevention and mitigation strategies. SIG's capacity is adequate to meet the needs of our member districts. Work will continue to ensure the long-term stability of the JPA as markets are expected to react for upcoming renewals, with SIG always looking for ways to continue to provide broad coverage in the most cost effective way.

COVID's reach is also impacting Workers' Compensation, although costs will continue to be stable in 2021-22. Statutory changes in the Workers' Compensation environment have been minimal, however there has been an uptick in regulatory activity which is anticipated to continue through the COVID pandemic. Initial outcomes indicate a drop in employee injuries, although the ultimate impact from the reaction to COVID and other factors remains to be seen.

New housing starts in SIG's service areas have increased. SIG anticipates that student attendance and number of employees will increase, primarily due to growth in the South Placer region.

## **Capital Assets**

In May of 1995, Schools Insurance Group purchased an office building in Auburn, CA to house its administrative office. The building has a total of approximately 27,000 sq ft of rentable space divided into 24 individual offices. The building was 72% occupied as of the end of June 2021, and is projected to be at 77% occupancy as of October 2021 due to lease non-renewals.

Commercial office leasing has been slow due to COVID and the majority of the tenants are on a month-to-month basis, however office leasing is slowly ticking up. The book value of our real property, office furniture, and vehicles totals \$1,089,751 as of June 30, 2021

SCHOOLS INSURANCE GROUP  
NOTES TO FINANCIAL STATEMENTS  
June 30, 2021 and 2020

---

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

General: Schools Insurance Group (the Group or SIG) was established by a Joint Powers Agreement on December 28, 1978, for the operation of a common risk management and insurance program for member school districts, transportation agencies, county offices of education and a community college. Member districts may elect to participate in these programs. The Group's general objectives are to formulate, develop and administer, on behalf of the members, a program providing for indemnity coverage. Currently, the Group has 35 members (31 voting members), 33 who participate in Workers' Compensation, 26 members who participate in Employee Benefits, and 30 members who participate in Property/Liability programs. The member school districts share proportionately in the assets and liabilities of the Group in the event of dissolution or dividends issued.

Schools Insurance Group is a California public entity as provided in Internal Revenue section 115; thus, it is tax-exempt. The California Office of the Controller, Division of Local Government Fiscal Affairs, for the purpose of filing an Annual Report of Financial Transactions of Special Districts, considers the Group to be a "Special District."

Admission and Withdrawal

*Admission* - Under the Group's Joint Powers Agreement, new members may be admitted by a two-thirds vote of the voting members and recommendation of the Executive Committee.

*Withdrawal* - Upon entry into the Group, members may not voluntarily withdraw for a period of three years. Members must submit six months written notice prior to voluntary withdrawal. Members may be expelled by a two-thirds vote. The effect of withdrawal does not terminate the responsibility of the member for any unpaid premiums and debts or assessments levied against its years of participation.

Basis of Accounting: The accompanying financial statements are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. Under the accrual basis, revenues and the related assets are recognized when earned, and expenses and the related liabilities are recognized when the obligation is incurred.

Reporting Entity: The Group has reviewed the criteria developed by the Governmental Accounting Standards Board Codification Section (GASB Cod. Sec.) 2100, relating to the financial reporting entity to determine whether it is financially accountable for other entities. The Group has determined that no other outside entity meets the above criteria and, therefore, none has been included as a component unit in the financial statements. In addition, the Group is not aware of any entity that would be financially accountable for the Group that would result in the Group being considered a component unit of that entity.

Description of Programs

*Workers' Compensation Program* - The Workers' Compensation program was established for the purpose of operating and maintaining a self-insurance or group insurance program. The Workers' Compensation program is established and maintained for member contributions, to be used for the payment of, but not limited to, the following:

- Self-insured claim payments
- Insurance premiums
- Claims administration expenses
- Investigative costs
- Legal costs
- Audit costs
- Miscellaneous

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** (Continued)

As of June 30, 2021, 33 members participate in the Workers' Compensation program. Each member pays the Group monthly contributions based on the following formula:

$$\text{Required Income}/(\text{Experience Modification Factor} \times \text{District Payroll})$$

The Experience Modification Factor is calculated annually to reflect the loss experience of each member agency as compared to the loss experience of the Group as a whole.

Member Deductible	\$0 per occurrence
Self Insured Retention	\$1 million per occurrence
Excess	\$1 million to state statutory limit

*Property/Liability Program* - The Property/Liability program was established for the purpose of operating and maintaining a self-insurance or group insurance program. The Property/Liability program is established and maintained for member contributions, to be used for the payment of, but not limited to, the following:

- Self-insured claim payments
- Insurance premiums
- Claims administration expenses
- Investigative costs
- Legal costs
- Expert witness fees
- Audit costs
- Broker fees
- Property appraisal fees
- Miscellaneous

As of June 30, 2021, 30 members participate in the Property/Liability program. The Executive Committee determines contribution requirements annually for the Property/Liability program and recommends to the Joint Powers Board contribution amounts per district adequate to fund for insurance premiums and projected losses.

Member Deductible	\$1,000 to \$5,000/\$25,000 per occurrence (varies)
Self Insured Retention Property	\$250,000 per occurrence
Self Insured Retention Liability	\$1,000,000 per occurrence
Excess Property	\$250,001 to replacement value per occurrence
Excess Liability	\$1,000,001 to \$55 million per occurrence

*Employee Benefit Program* - The Employee Benefit program was established for the purpose of operating and maintaining a self-insurance or group insurance program (dental, vision, medical, etc.). The Employee Benefit program is established and maintained for member contributions, to be used for the payment of, but not limited to, the following:

- Medical insurance premium
- Self-funded claim payments for dental and vision
- Claims administration fees
- Group operating expenses
- Eligibility expenses
- Miscellaneous

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

As of June 30, 2021, 26 districts participate in the Employee Benefit program. District contribution rates are based on amounts that adequately cover anticipated incurred claims and attendant expenses of the program. The rates, once established for the fiscal year, shall not be increased for that year. As this program is fully-insured, SIG does not have any exposure in this program beyond the monthly contributions.

Cash Equivalents: Cash equivalents are investments readily convertible into known amounts of cash with original maturities at date of purchase of three months or less.

Fair Value of Pooled Investments: The Group records its deposits in the Placer County Treasury at fair value. Changes in fair value are reported as revenue in the statements of revenues, expenses and change in net position. The fair value of pooled investments at June 30, 2021 and 2020 approximated their carrying value.

Fair Value of Investments: The Group records its investment securities at fair values. Changes in fair value are reported as revenue in the statements of revenues, expenses and change in net position.

Prepaid Expenses: Insurance premiums paid by the Property/Liability Program and the Workers' Compensation Program for excess insurance policies are charged to expense over the policy period. Other charges paid are charged to the contract period.

Premises and Equipment: Premises and equipment are carried at cost and capitalized for amounts over \$5,000. Depreciation is computed on the straight-line method with useful lives of three to 30 years. When assets are retired or otherwise disposed of, the cost and related accumulated depreciation are removed from the accounts, and any resulting gain or loss is recognized in income for the period. The cost of maintenance and repairs is charged to expense as incurred. Significant renewals and betterments are capitalized.

Accrued Vacation: The Group's vacation policy provides for the accumulation of earned vacation leave with such leave being fully vested the first day of employment. A liability for accrued vacation has been computed and recorded based on unused vacation hours at the current rate of pay.

Accumulated sick leave benefits are not recognized as liabilities by the Group. Sick leave is recorded as an operating expense in the period taken.

Dividends: Dividends are recorded when declared and are shown as a liability in the statements of net position. The Group did not declare dividends during the year ended June 30, 2021. The Group declared dividends in the amount of \$2,572,500 during the year ended June 30, 2020.

Deferred Outflows/Inflows of Resources: In addition to assets, the statements of net position include a separate section for deferred outflows or resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s), and as such will not be recognized as an outflow of resources (expense/expenditures) until then. The Group has recognized a deferred outflow of resources related to the payments made subsequent to the measurement date for the total OPEB liability and net pension liability reported which is in the statements of net position.

In addition to liabilities, the statements of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and as such, will not be recognized as an inflow of resources (revenue) until that time. The Group has recognized a deferred inflow of resources related to the total OPEB liability and net pension liability reported which is in the statements of net position.

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

Pensions: For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Miscellaneous 2% at 55 Risk Pool under the California Public Employees' Retirement System (CalPERS) Public Employers Retirement Fund C and additions to/deductions from the Plan's fiduciary net position have been determined on the same basis as they are reported by the Pool. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms.

Provision for Unpaid Claims and Claim Adjustment Expenses: The Group's policy is to establish unpaid claims and claim adjustment expenses based on estimates of the ultimate cost of claims that have been reported but not settled, and of claims that have been incurred but not reported. The length of time for which such costs must be estimated varies depending on the coverage involved. Estimated amounts of salvage, subrogation and reinsurance recoverable on unpaid claims are deducted from the liability. The Group increases the liability for allocated and unallocated claim adjustment expenses. Because actual claims costs depend on such complex factors as inflation, changes in doctrine of legal liability and damage awards, the process used in computing unpaid claims and claim adjustment expenses does not necessarily result in an exact amount, particularly for coverages such as general liability and workers' compensation. Unpaid claims and claim adjustment expenses are recomputed periodically using a variety of actuarial and statistical techniques to produce current estimates that reflect recent settlements, claim frequency, other economic and social factors and estimated payment dates. Adjustments to unpaid claims and claim adjustment expenses are charged or credited to expense in the period in which they are made. The portion of claims considered currently payable has been actuarially determined.

Excess Insurance: The Group enters into excess insurance agreements, whereby it cedes various amounts of risk to other insurance companies or joint powers authorities. As of June 30, 2021, the Group's Property, Liability and Workers' Compensation Programs provide self-insured retention of \$250,000, \$1,000,000 and \$1,000,000 per incident, respectively. As of June 30, 2020, the Group's Property, Liability and Workers' Compensation Programs provide self-insured retention of \$100,000, \$1,000,000 and \$1,000,000 per incident, respectively. Risks ceded to other entities are treated as though they were not risks for which the Group is liable. Settlements have not exceeded insurance coverage in each of the past three years.

Revenue Recognition: Contributions are recognized as revenue when earned based upon the coverage period of the related insurance. To the extent that allocated losses exceed contributions previously paid and interest and other income, the Group may assess its member's additional premiums. Operating revenues and expenses include all activities necessary to achieve the objectives of the Group. Non-operating revenues include investment activities and other non-essential activity. Operating and non-operating revenues are recognized as revenue when earned.

Income Taxes: The Group is an organization comprised of public agencies and is exempt from Federal income and California franchise taxes. Accordingly, no provision for Federal or State income taxes has been made in the accompanying financial statements.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions. These estimates and assumptions affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from these estimates.

Subsequent Events: The Group has reviewed all events occurring from June 30, 2021 through January 12, 2022, the date the financial statements were available to be issued. No subsequent event occurred requiring accrual or disclosure.

**NOTE 2 - CASH AND CASH EQUIVALENTS**

Cash and cash equivalents at June 30, 2021 and 2020 consisted of the following:

	<u>2021</u>	<u>2020</u>
Cash in County Treasury	\$ 62,231,877	\$ 60,326,195
Cash on hand and in banks	<u>8,317,527</u>	<u>6,621,781</u>
Total cash and cash equivalents	<u>\$ 70,549,404</u>	<u>\$ 66,947,976</u>

Cash in County Treasury: In accordance with the Joint Powers Agreement, the Group maintains substantially all of its cash in the Placer County Treasury. The County pools these funds with those of other governmental units in the County and invests the cash. These pooled funds are carried at fair value. Interest earned is deposited quarterly into the funds of participating programs. Any investment losses are proportionately shared by all programs in the pool.

Because the Group's deposits are maintained in a recognized pooled investment fund under the care of a third party and the Group's share of the pooled investment fund does not consist of specific, identifiable investment securities owned by the Group, no disclosure of the individual deposits and investments or related custodial credit risk classifications is required.

In accordance with applicable State laws, the Placer County Treasurer may invest in derivative securities. However, at June 30, 2021 and 2020, the Placer County Treasurer has represented that the Pooled Investment Fund contained no derivatives or other investments with similar risk profiles.

Custodial Credit Risk – Cash in Bank: The Group limits custodial credit risk by ensuring uninsured balances are collateralized by the respective financial institution. Cash balances held in banks are insured up to \$250,000 by the Federal Deposit Insurance Corporation (FDIC) and are collateralized by the respective financial institution. At June 30, 2021, the carrying amount of the Group's accounts were \$8,317,527 and the bank balances were \$5,916,059, of which \$5,666,059 was uninsured but collateralized. At June 30, 2020, the carrying amount of the Group's accounts were \$6,621,781 and the bank balances were \$7,697,637, of which \$7,163,535 was uninsured but collateralized.

**NOTE 3 - FAIR VALUE MEASUREMENTS**

Fair Value Hierarchy: Fair value is the exchange price that would be received for an asset or paid to transfer a liability (exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. There are three levels of inputs that may be used to measure fair values:

*Level 1* - Quoted prices (unadjusted) for identical assets or liabilities in active markets that the entity has the ability to access as of the measurement date.

*Level 2* - Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

*Level 3* - Significant unobservable inputs that reflect a company's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

As of June 30, 2021 and 2020, the carrying amounts of cash and cash equivalents, receivables and accounts payable approximate fair value because of the relatively short maturities of these financial instruments or the associated variable rates of interest.

Assets Recorded at Fair Value: The following table presents information about the Group's assets measured at fair value on a recurring basis as of June 30, 2021 and 2020:

**NOTE 4 - INVESTMENTS**

Investment Interest Rate Risk: As a means of limiting its exposure to fair value losses arising from changes in interest rates, the Group's investment policy mandates that investment maturities will be no more than five years from purchase date to maturity date. Investment maturities are based on a review of cash flow forecasts and are scheduled so as to permit the Group to meet all projected obligations.

Maturities of investments held at June 30, 2021 consist of the following:

**Investment Credit Risk:** It is the Group's general investment policy to apply the prudent person standard; investments shall be made with judgment and care under circumstances then prevailing which persons of prudence, discretion, and intelligence exercise in the management of their own affairs, not for speculation, but for investment, considering the probable safety of their capital as well as the probable income to be derived. California law places minimum credit rating requirements on various investment types and the Group's Investment Policy places additional limits. Credit criteria in the Group's Investment Policy includes the following restrictions: medium-term corporate notes, municipal obligations, and negotiable certificates of deposit must be rated in a rating category of "A" or the equivalent or better by at least one Nationally Recognized Statistical Rating Organization (NRSRO), asset-backed securities and supranationals must be rated in a rating category of "AA" or the equivalent or better by at least one NRSRO, and commercial paper must be rated at least A-1 or the equivalent. If the investment subsequently is downgraded below an "A" rating, the Executive Director shall notify the Executive Committee upon learning of the downgrade. As of June 30, 2021 and 2020, investments held by the Group met the rating requirements described above.

**Concentration of Investment Credit Risk:** The Group limits the amount that can be invested in corporate obligations to no more than 30% of the Group's investment portfolio. No more than 5% of the Group's total investment portfolio plus its cash in Placer County Treasury will be invested in a single issuer or with a single financial institution, excluding instruments in U.S. Treasuries, Federal Agencies, repurchase agreements, supranationals, and pooled investments. At June 30, 2021 and 2020, the Group had the following investments that represent more than 5% of the Group's net investments:

**NOTE 6 - UNPAID CLAIMS AND CLAIM ADJUSTMENT EXPENSES**

As discussed in Note 1, the Group established a liability for both reported and unreported insured events for the respective programs. The following represents changes in those aggregate liabilities during the years ended June 30, 2021, 2020 and 2019:

	<u>2021</u>	<u>2020</u>	<u>2019</u>
Unpaid claims and claim adjustment expenses, beginning of fiscal year	\$ 37,275,900	\$ 36,890,600	\$ 33,264,015
Incurred claims and claim adjustment expenses:			
Provision for covered events of the current year	17,834,930	18,511,706	20,458,824
Change in provision for covered events of prior years	<u>(4,530,342)</u>	<u>(1,936,759)</u>	<u>619,501</u>
Total incurred claims and claim adjustment expenses	13,304,588	16,574,947	21,078,325
Payments:			
Claims and claim adjustment expenses attributable to covered events of the current year	8,642,841	8,365,417	10,133,844
Claims and claim adjustment expenses attributable to covered events of prior years	<u>6,535,543</u>	<u>7,824,230</u>	<u>7,317,896</u>
Total payments	<u>15,178,384</u>	<u>16,189,647</u>	<u>17,451,740</u>
Total unpaid claims and claim adjustment expenses, end of fiscal year	<u>\$ 35,402,104</u>	<u>\$ 37,275,900</u>	<u>\$ 36,890,600</u>

There are no liabilities established for workers' compensation claims incurred from July 1, 1995 through June 30, 1999 as the workers' compensation program was fully insured for that period.

The components of the unpaid claims and claim adjustment expenses as of June 30, 2021 and 2020 are as follows:

	<u>2021</u>	<u>2020</u>
Reported claims	\$ 15,458,561	\$ 15,843,529
Claims incurred but not reported (IBNR)	18,040,439	19,415,841
Unallocated loss adjustment expenses (ULAE)	<u>1,903,104</u>	<u>2,016,530</u>
	35,402,104	37,275,900
Current portion	<u>(8,283,064)</u>	<u>(8,456,647)</u>
	<u>\$ 27,119,040</u>	<u>\$ 28,819,253</u>

At June 30, 2021 and 2020, the liability was reported at the present value using an expected future investment yield assumption of 3% for the Worker's Compensation Program and 2% for the Property and Liability Program. The undiscounted liability at June 30, 2021 and 2020 is \$39,484,200 and \$41,856,150, respectively. The current portion of the claims liabilities has been estimated at the amount of claims paid in the current year and consideration of any known future claims payments actuarially determined.

**NOTE 6 - UNPAID CLAIMS AND CLAIM ADJUSTMENT EXPENSES (Continued)**

As a result of changes in estimates of insured events in prior years, incurred losses and loss adjustment expenses decreased by \$4,530,342 in 2021, which was primarily due to favorable loss development on workers' compensation claims. As a result of changes in estimates of insured events in prior years, incurred losses and loss adjustment expenses decreased by \$1,936,759 in 2020, which was primarily due to favorable loss development on workers' compensation claims.

**NOTE 7 - OTHER POSTEMPLOYMENT BENEFITS**

*Plan Description*

Plan Description: In addition to the pension benefits described in Note 8, the Group subsidized the cost of retiree medical coverage for a closed group. The plan does not issue separate financial statements. The Group's Governing Board has the authority to establish or amend the benefit terms offered by the Plan. The Group's Governing Board also retains the authority to establish the requirements for paying the Plan benefits as they come due. As of June 30, 2021, the Group has not accumulated assets in a qualified trust for the purpose of paying the benefits related to the Group's Total OPEB Liability.

Employees Covered by Benefit Terms: The following is a table of plan participants at June 30, 2021:

	<u>Number of Participants</u>
Inactive plan members, covered spouses, or beneficiaries currently receiving benefits	5
Inactive employees/dependents entitled to but not yet receiving benefits	-
Active employees	<u>8</u>
	<u><u>13</u></u>

Benefits Provided: The Group provides coverage to employees who satisfy the requirements for retirement under CalPERS. CalPERS retirement requires attainment of age 50 with 5 years of State or public agency service or approved disability retirement.

Employees hired prior to July 1, 1990 who retire with a minimum of 15 years of service with the Group receive 100% of the employee-only medical premium paid by the Group for their lifetime. Such retirees may pay the additional cost to cover dependents and/or continue their dental or vision coverage. Other employees who retire from SIG at age 59 or older may receive up to \$10,000 payable from a retiree Health Reimbursement Account (HRA). The retiree is responsible for paying 100% of his or her health premiums but may direct amounts to be withdrawn from the HRA to be applied toward the premiums until such HRA is exhausted. All other employees not meeting the requirements above who elect to continue some or all of their healthcare coverage in retirement must do so entirely at their own expense.

Contributions: California Government Code specifies that the Group's contribution requirements for plan members are established and may be amended by the Governing Board. The required contribution is based on projected pay-as-you-go financing requirements, with an amount to fund the actuarial accrued liability as determined annually by the Board.

**NOTE 7 - OTHER POSTEMPLOYMENT BENEFITS (Continued)**

Contributions to the Plan from the District were \$16,673 and \$17,018 for the years ended June 30, 2021 and 2020, respectively. Employees are not required to contribute to the OPEB plan.

*Total OPEB Liability*

The District's total OPEB liability of \$153,114 was measured as of June 30, 2020 and was determined by an actuarial valuation as of that date. The District's total OPEB liability of \$187,096 was measured as of June 30, 2019 and was determined by an actuarial valuation as of that date

Actuarial Assumptions: The total OPEB liability in the December 3, 2021 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified:

Valuation Date	June 30, 2020
Measurement Date	June 30, 2020
Funding Method	Entry Age Normal Cost, level percent pay
Participants Valued	Only current active employees and retired participants and covered dependents are valued. No future entrants are considered in this valuation.
Mortality Rate	PERS - The mortality assumptions are based on the 2017 CalPERS Mortality for Retired Miscellaneous Employees table created by CalPERS. CalPERS periodically studies mortality for participating agencies and establishes mortality tables that are modified versions of commonly used tables. This table incorporates mortality projection as deemed appropriate based on CalPERS analysis.
Discount Rate	3.13% as of June 30, 2019 2.45% as of June 30, 2020
Retirement Rate	Retirement rates match rates developed in the experience studies for California PERS (2017)
Termination Rate	2017 CalPERS Experience Study
Inflation Rate	2.50% per year
Salary Increases	3.00% per year
Health Care Cost Trend Rate	5.8% in 2021 with a 0.36% decrease each year until 2026 and then a flat 4.0% thereafter

There were no changes between the measurement date and the years ended June 30, 2021 and 2020, which had a significant effect on the District's total OPEB liability. The difference in plan experience in 2021 mainly relates to lower medical premiums than projected as well as some transition to medical plans which lowered the implicit subsidy liability.

Sensitivity of the Total OPEB Liability to Changes in the Discount Rate: The following presents the Total OPEB Liability of the Group, as well as what the Group's Total OPEB Liability would be if it were calculated using a discount rate that is one percentage-point lower or one percentage-point higher than the current discount rate:

**NOTE 8 - NET PENSION LIABILITY - PUBLIC EMPLOYER'S RETIREMENT SYSTEM PUBLIC AGENCY COST-SHARING MULTIPLE-EMPLOYER DEFINED BENEFIT PENSION PLAN**

Plan Description: The Group contributes to the Miscellaneous 2% at 55 Risk Pool under the California Public Employees' Retirement System (CalPERS) California Public Employer's Retirement Fund C (PERF C), a cost-sharing multiple-employer public employee retirement system defined benefit pension plan administered by CalPERS. The Plan provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. A menu of benefit provisions as well as other requirements is established by State statutes within the Public Employees' Retirement Law. The Plan selects optional benefit provisions from the benefit menu by contract with CalPERS and adopts those benefits through Board approval. CalPERS issues a separate comprehensive annual financial report. CalPERS issues a publicly available financial report that can be obtained at <https://www.calpers.ca.gov>.

Benefits provided: The benefits for the defined benefit plans are based on members' years of service, age, final compensation, and benefit formula. Benefits are provided for disability, death, and survivors of eligible members or beneficiaries. Members become fully vested in their retirement benefits earned to date after five years (10 years for State Second Tier members) of credited service.

Contributions: The benefits for the defined benefit pension plans are funded by contributions from members and employers, and earnings from investments. Member and employer contributions are a percentage of applicable member compensation. Member contribution rates are defined by law and depend on the respective employer's benefit formulas. Employer contribution rates are determined by periodic actuarial valuations or by state statute. Actuarial valuations are based on the benefit formulas and employee groups of each employer. Employer contributions, including lump sum contributions made when agencies first join the PERF, are credited with a market value adjustment in determining contribution rates.

The required contribution rates of most active plan members are based on a percentage of salary ranging from zero dollars to \$975 monthly.

Required contribution rates for active plan members and employers as a percentage of payroll for the year ended June 30, 2021 were as follows:

*Members* – The member contribution rate was 7% of applicable member earnings for fiscal years 2020-21 and 2019-20.

*Employers* – The employer contribution rate was 11.031% and 10.221% of applicable member earnings for fiscal years 2020-21 and 2019-20, respectively.

The Group's contribution to CalPERS for the fiscal years ending June 30, 2021, 2020, and 2019, were \$139,998, \$125,015, and \$114,748, respectively, and equal 100% of the required contributions for each year.

*Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions*

At June 30, 2021, the Group reported a liability of \$1,045,034 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2020, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2019. The Group's proportion of the net pension liability was based on the Group's contributions to the pension plan relative to the contributions of all participating agencies. At June 30, 2020, the Group's proportion was 0.025 percent, which was an increase of 0.001 percent from its proportion measured as of June 30, 2019.

**NOTE 8 - NET PENSION LIABILITY - PUBLIC EMPLOYER'S RETIREMENT SYSTEM PUBLIC AGENCY COST-SHARING MULTIPLE-EMPLOYER DEFINED BENEFIT PENSION PLAN (Continued)**

At June 30, 2020, the Group reported a liability of \$960,759 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2019, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2018. The Group's proportion of the net pension liability was based on the Group's contributions to the pension plan relative to the contributions of all participating agencies. At June 30, 2019, the Group's proportion was 0.024 percent, which was an increase of 0.001 percent from its proportion measured as of June 30, 2018.

For the year ended June 30, 2021, the Group recognized pension expense of \$214,692. At June 30, 2021, the Group reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>2021</u>	
	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Difference between expected and actual experience	\$ 53,854	\$ -

**NOTE 8 - NET PENSION LIABILITY - PUBLIC EMPLOYER'S RETIREMENT SYSTEM PUBLIC AGENCY COST-SHARING MULTIPLE-EMPLOYER DEFINED BENEFIT PENSION PLAN (Continued)**

For the year ended June 30, 2020, the Group recognized pension expense of \$234,763. At June 30, 2020, the Group reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>2020</u>	
	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Difference between expected and actual experience	\$ 66,729	\$ 5,170
Changes of assumptions	45,813	16,240
Net differences between projected and actual earnings on investments	-	16,797
Changes in proportion and differences between JPA contributions and proportionate share of contributions	34,054	35,322
Contributions made subsequent to measurement date	<u>125,015</u>	<u>-</u>
Total	<u>\$ 271,611</u>	<u>\$ 73,529</u>

\$125,015 reported as deferred outflows of resources related to benefits paid subsequent to the measurement date will be recognized as a reduction of the total pension liability in the year ended June 30, 2021.

Differences between expected and actual experience and changes in assumptions are amortized over a closed period equal to the average remaining service life of plan members, which is four years as of the June 30, 2020 and 2019 measurement dates. Deferred outflows and inflows related to differences between projected and actual earnings on plan investments, changes in assumptions and changes in proportion are netted and amortized over a closed five-year period.

Actuarial methods and assumptions: The total pension liability for the Plan was determined by applying update procedures to a financial reporting actuarial valuation as of June 30, 2019 and rolling forward the total pension liability to June 30, 2020. The financial reporting actuarial valuation as of June 30, 2019, used the following actuarial methods and assumptions, applied to all prior periods included in the measurement:

Valuation Date	June 30, 2019
Experience Study	1997 to 2015
Actuarial Cost Method	Varies by entry age and service
Investment Rate of Return	7.15%
Consumer Price Inflation	2.50%

The probabilities of mortality are based on the 2017 CalPERS Experience Study for the period from 1997 to 2015. Pre-retirement mortality rates include 5 years of projected mortality improvement using Scale AA published by the Society of Actuaries. For more details on this table, please refer to the 2017 experience study report.

All other actuarial assumptions used in the June 30, 2019 valuation were based on the results of an actuarial experience study for the period from 1997 to 2015, including updates to salary increase, mortality and retirement rates. Further details of the Experience Study can be found at CalPERS' website.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class.

In determining the long-term expected rate of return, CalPERS took into account both short-term and long-term market return expectations as well as the expected pension fund cash flows. Using historical returns of all of the funds' asset classes, expected compound (geometric) returns were calculated over the short-term (first 10 years) and the long-term (11+ years) using a building-block approach. Using the expected nominal returns for both short-term and long-term, the present value of benefits was calculated for each fund. The expected rate of return was set by calculating the rounded single equivalent expected return that arrived at the same present value of benefits for cash flows as the one calculated using both short-term and long-term returns. The expected rate of return was then set equal to the single equivalent rate calculated above and adjusted to account for assumed administrative expenses.

The table below reflects long-term expected real rate of return by asset class. The rate of return was calculated using the capital market assumptions applied to determine the discount rate and asset allocation.

<u>Asset Class</u>	<u>Long-Term % Assumed Asset Allocation</u>	<u>Expected Real Rate of Return Years 1-10**</u>	<u>Expected Real Rate of Return Years 11+***</u>
Global Equity	50.00%	4.80%	5.98%
Fixed Income	28.00	1.00	2.62
Inflation Assets	-	0.77	1.81
Private Equity	8.00	6.30	7.23
Real Estate	13.00	3.75	4.93
Liquidity	1.00	-	(0.92)

\*\* An expected inflation of 2.00% used for this period.

\*\*\* An expected inflation of 2.92% used for this period.

Discount rate: At June 30, 2021 and 2020, the discount rate used to measure the total pension liability was 7.15 percent. A projection of the expected benefit payments and contributions was performed to determine if assets would run out. The test revealed the assets would not run out. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability for the Plan. The results of the crossover testing for the Plan are presented in a detailed report that can be obtained at CalPERS' website.

**NOTE 10 - JOINT POWERS AGREEMENT**

The Group participates under a joint powers agreement (JPA) with Schools Excess Liability Fund (SELF) in the Excess Liability Program. The relationship between the Group and SELF is such that SELF is not a component unit of the Group for financial reporting purposes.

SELF arranges for and provides excess coverage for its members. SELF is governed by a board consisting of elected representatives from its membership. The board controls the operations of SELF, including selection of management and approval of operating budgets, independent of any influence by the member agencies beyond their representation on the board. Each member agency pays a premium commensurate with the level of coverage requested and shares surpluses and deficits proportionate to their participation in SELF. There have been no significant reductions in insurance coverage from coverage in the prior year.

Condensed financial information for SELF for the fiscal year ended June 30, 2020 (most recent information available) is as follows (in thousands):

CLAIMS DEVELOPMENT INFORMATION  
For the Year Ended June 30, 2021

---

The tables that follow illustrate how the Group's earned revenues and investment income compared to related costs of loss and other expenses assumed by the Group as of the end of each of the last ten years. The rows of the tables are defined as follows:

- (1) Total of each fiscal year's gross earned contribution and investment revenues, less dividends paid and contribution revenue ceded to excess insurers, and net earned contribution and investment revenues.
- (2) Fiscal year's other operating costs of the Group including overhead and claims expenses not allocable to individual claims.
- (3) The Group's gross incurred claims and claim adjustment expenses, claims assumed by excess insurers, and net incurred claims and adjustment expenses (both paid and accrued) as originally reported at the end of the first year in which the event that triggered coverage under the contract occurred (called policy year).
- (4) Cumulative amounts paid as of the end of successive years for each policy year.
- (5) The latest reestimated amount of claims assumed by excess insurers as of the end of the current year for each policy year.
- (6) Policy year's incurred claims increased or decreased as of the end of successive years. This annual reestimation results from new information received on known claims, reevaluation of existing information on known claims, as well as emergence of new claims not previously known.
- (7) Compares the latest reestimated incurred claims amount to the amount originally established (line 3) and shows whether this latest estimate of claims cost is greater or less than originally thought. As data for individual policy years mature, the correlation between original estimates and reestimated amounts is commonly used to evaluate the accuracy of incurred claims currently recognized in less mature policy years.

The columns of the tables show data for successive policy years.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL  
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT  
OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH  
GOVERNMENT AUDITING STANDARDS

To the Board of Directors and Members of  
Schools Insurance Group  
Auburn, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America, the State Controller's Minimum Audit Requirements for California Special Districts and the Standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the Schools Insurance Group as of and for the year ended June 30, 2021, and the related notes to the financial statements which collectively comprise the Schools Insurance Group's basic financial statements and have issued our report thereon dated January 12, 2022.

**Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the Schools Insurance Group's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Schools Insurance Group's internal control. Accordingly, we do not express an opinion on the effectiveness of the Schools Insurance Group's internal controls.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

## Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Schools Insurance Group's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

## Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
